Naturally Distressed Long Plank Teak Solid Paneling Oil (Clear, White, or Black Oil)

Product Ingredients:

Component	Ingredient Name	%	Chemical Concern
Plank/Board	Teak	99.99	None
Finish	Zero VOC natural tinted oil	0.01	None

Product does not contain any ingredients on IARC, OSHA, Prop65, Reach SVCH, US EPA TRI PBT, or RoSH lists. No health hazard warnings are required pursuant to OSHA HCS 2012 or California Prop 65.

Per LEED BD+C: New Construction v4 - LEED v4, Low-emitting materials
Inherently non-emitting sources.

Products that are inherently non-emitting sources of VOCs – specifically stone, ceramics, powder-coated metals, plated metals or anodized metals, glass, concrete, clay brick, and unfinished/untreated solid wood flooring – are considered fully compliant without any VOC emissions testing if they do not include integral organic-based surface coatings, binders, or sealants.

Source: Reclaimed teak from vintage structures in southeast Asia.

Recycled Content: Post-Consumer = 100%; Pre-Consumer = 0%

Certifications: FSC Recycled 100% - SCS-COC-001014
