TerraMai's new line, **Faux Sugi Ban**, is a **mess-free** and accessible solution to achieve shou sugi ban style in commercial spaces. Unlike actual shou sugi ban, no fire is used to create Faux Sugi Ban; instead, we utilize a **finishing process** along with the reclaimed wood's natural patina and texture to create a burnt appearance. The end aesthetic result is the shou sugi ban **Gendai** look or **burned and brushed once**.
